DUALOCK™

ALUMINUM DRAWERS by *Maintainer*

ONE CLICK unlocks the closed drawer...

ONE CLICK locks the drawer open!

NO PAINT! NO RUST!

All drawers are hemmed and Constructed of .090" thick 3003-H14 mil finish aluminum. Aluminum's impact resistance is similar to that of steel but offers better corrosion and fatigue resistance and the attractive appearance of aluminum requires no painting.

SINGLE ACTION LATCH ASSEMBLY

Provides single-hand operation and locks the drawer in both the closed AND open positions eliminating unwanted drawer closures when parked on uneven ground!

FEATURES:

- Drawer slides lock in both open and closed positions
- Lightweight
- Corrosion free
- Single action latch can be operated with one hand
- Hemmed drawer edges
- Adjustable dividers included
- Telescopic top shelf available - adjustable to 5-1/2" on each side

SPECIFICATIONS:

- Drawers rated for 300 lbs. mobile applications and 500 lbs. stationary applications
- Custom drawer heights: 3" to 12"
- Custom drawer widths: 13" to 48"
- Constructed of 3003-H14 Aluminum
- 4" standard bottom risers
- Standard drawer depth: 16" usable, 18" overall

INSTALLATION IS EASY...

with multiple riser options and an optional telescoping top shelf designed to adjust out to 5.5" on either side. Built of 12 ga. galvanized steel, this assembly provides a sturdy reinforcement and a full shelf in most applications. Each drawer option is equipped with front to back dividers that can be spaced as close as 2.25" on center.

Maintainer installs DualLock™ in their service vehicles, but you can easily install them in your van or mobile workshop!
